

Job Title

Oracle Technical Trainer/Consultant

Brief Details

A unique opportunity to begin or further develop your DBA training and consultancy skills with a vibrant and proven market leader.

We are looking for a bright and talented individual who will enjoy learning new technologies and passing those skills on to others.

Are you a technically minded person with some programming/DBA knowledge, work experience in a technical field and looking to advance your skill set towards becoming a rounded Trainer/Consultant?

You will ideally be based in the London area, although an amount of home working is possible with the role once you are sufficiently trained.

iTrain is an established ERP services provider based in Central London with offices in Edinburgh and Leeds. We also train and consult on client sites both in the UK and abroad.

You will:

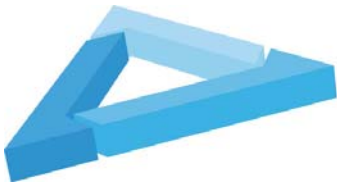

- Learn our Oracle DBA track for 9i, 10g and 11g (Core, Tuning, Backup and Recovery, RAC etc).
- Have the opportunity to apply your Oracle DBA skills to the Oracle Applications 11i/12i technology stack.
- Tailor customised deliveries for our clients.
- Use your Oracle skills in selected consultancy assignments.

You must be:

- Able to demonstrate an enthusiasm for training, as well as the enthusiasm to learn Oracle Technologies from our team of in-house experts.
- Technically alert and aware of the Oracle market, as well as emerging technologies and integration technologies in the market as a whole.
- Willing to learn, and to pass on your techniques and skills in an engaging and astute manner.
- An excellent communicator, able to converse with people at all levels of business. Both written and verbal communications skills are essential.
- Prepared to travel to sites throughout the UK, and abroad.
- Willing to prepare courses and training materials as part of your role.

At iTrain:

- You will be relied upon to make a difference in your role.
- You will be rewarded for your enthusiasm and dedication to your role.
- There is room for progression for those who show promise.
- We pride ourselves in the quality of our employees; you will not simply be another drone behind a desk.
