

## **Job Title**

Oracle Technical Trainer/Consultant

## **Brief Details**

A unique opportunity to begin or further develop your DBA training and consultancy skills with a vibrant and proven market leader.

We are looking for a bright and talented individual who will enjoy learning new technologies and passing those skills on to others.

Are you a technically minded person with some programming/technical knowledge, work experience in a technical field and looking to advance your skill set towards becoming a rounded Trainer/Consultant?

You must be able to demonstrate an enthusiasm for training, as well as the enthusiasm to learn Oracle/SAP/Java/Web Technologies from our team of in-house experts.

You will ideally be based in the London area, although an amount of home working is possible with the role once you are sufficiently trained.

iTrain is an established training and consultancy firm based in Central London, delivering from our offices in London, Edinburgh and Leeds as well as from client sites both in the UK and abroad.

### *You will:*

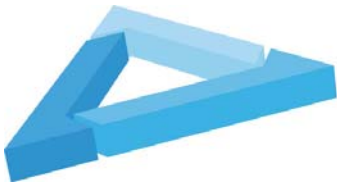

- Initially learn our Tech/BI focused course track for 9i, 10g and 11g (Oracle SQL and PL/SQL, Web Technologies, Oracle Discoverer, Oracle Reports, Oracle Workflow, Oracle Application Express), as well as working on new material and tailoring deliveries for our customers.
- Have the opportunity to apply your skills to the Oracle Applications 11i/12i technology stack.
- Tailor customised deliveries for our clients.
- Use your Oracle skills in selected consultancy assignments.

### *You must be:*

- Technically alert and aware of the Oracle market, as well as emerging technologies and integration technologies in the market as a whole.
- Willing to learn, and to pass on your techniques and skills in an engaging and astute manner.
- Extremely able to converse with people at all levels of business in both written and verbal communications: we expect our employees to be capable communicators.
- Prepared to travel to siathroughout the UK, and abroad.
- Willing to prepare courses and training materials as part of your role.

### *At iTrain:*

- You will be relied upon to make a difference in your role.
- You will be rewarded for your enthusiasm and dedication to your role.
- There is room for progression for those who show promise.
- We pride ourselves in the quality of our employees; you will not simply be another drone behind a desk.
